DEMANDS FRUITS OF VICTORY

# FUME BREAK, ITALY'S THREAT

## FRENCH DEMAND SIGNING OF TREATY WITH GERMANY AND AUSTRIA BE HASTENED

(BY CABLE AND ASSOCIATED PRESS.)

PARIS, April 24.—"The French government, with the British, has striven to the utmost for four days to prevent the explosion," say the Temps, in a editorial today on the Italian subject. "It has searched for a compromise, which perhaps would have been easier to find had the Italians continued to participate in the deliberations. It has endeavored to delay publication of President Wilson's document."

The Temps then describes the present situation of the Adriatic problem, which it says in no way concerns Germany and hence the signing of the peace treaty by the German plenipotentiaries should not be delayed.

"If Premier Orlando returns to Rome," the newspaper continues, "his collaborators can remain here so that Italy can sign the treaty."

The treaty with Austria-Hungary remains to be drawn up. The text of the 1915 treaty must represent Italy's territorial rights. On the other hand this treaty has no application as regards the United States, which neither signed nor has recognized it.

PARIS, April 24.—Premier Orlando and Signor Baraili will leave for Rome tonight. This decision was announced after Premier Orlando's return from his conference with the other members of the council of four, at which, according to the Italian Premier, only questions of principle and not territorial questions were discussed.

This is explained as meaning that the discussions centered on the question of prestige involved in the publication of President Wilson's statement and that no effort was made to reach a settlement on a territorial basis. The conference lasted two hours.

Baron Sonnino, the Foreign Minister, and the other Italian delegates and representatives will remain in Paris temporarily.

LONDON, April 24.—An official statement issued by the press bureau says that before his departure for Rome Premier Orlando had another meeting with President Wilson and Premiers Lloyd George and Clemenceau. All displayed the strongest desire to reach a satisfactory solution of the problem. The heads of the British and French governments expressed to Premier Orlando the hope that the Italian Parliament would assist in arriving at such a settlement.

### THE PARIS CRISIS.

#### SUMMARY OF SITUATION.

(Resume by the Associated Press.)

Vittorio Orlando, Italian Premier, delayed his departure for Rome long enough again to sit in conference with the other members of the council of four.

Premier Lloyd George, Premier Clemenceau and President Wilson.

The question of Fiume and the Dalmatian coast did not come up for discussion. The council is believed to have considered fully the question of prestige involved in the publication of President Wilson's statement on the Italian situation.

While Signor Orlando is returning immediately to Italy, there to lay the details of the Peace Conference before Parliament, Baron Sonnino, Italian Foreign Minister, and the other Italian representatives will remain in Paris temporarily.

The situation as regards Italy's claims still is acute. There apparently has been no recession by the Italians from their stated terms, nor is there any indication that the British and French premiers and President Wilson have receded from their stand.

Signor Orlando has rallied to the statement of President Wilson with regard to the Italian situation. The Premier contends that, in addition to the safety of Italy on the front of the Alps, his country requires protection on her flank along the Eastern Adriatic and that the people along the Dalmatian coast had been permitted to have the right of self-determination in the matter of Italian sovereignty.

FRANCE HAS EIGHT-HOUR LAW.

(BY A. P. NIGHT WIRE.)

PARIS, Wednesday, April 24.—The French Senate today passed the eight-hour labor bill, which now becomes a law.

### BULLETINS.

ROME, April 24.—The decision of Premier Orlando to return to Rome from the Peace Conference was cheered by crowds in the streets here tonight, the people applauding whenever the names of Italy, Fiume or Orlando were mentioned by speakers. All shops were closed during the evening. Telegrams from all the large towns of Italy report great demonstrations and much excitement. There is a universal protest against President Wilson's stand against Italy's claim to the Dalmatian coast.

LIMERICK, April 24.—The strike which has been in progress in Limerick for some time is to be called off tonight, the military authorities having made slight concessions to the strikers at the request of the Mayor and the Bishop of Limerick.

BRUSSELS, April 24.—Great loss of life among the natives of the Belgian Congo as a result of an influenza epidemic is reported in dispatches received here. Some estimates place the number of deaths at 500,000.

### COPENHAGEN, April 24.

The Hungarian soviet government has appointed People's Commissioner Wilhelm Roehm as commander-in-chief of the army beyond the Theiss.

Roehm has gone to take command in Southeast Russia, and has given the task of suppressing counter-revolutionary movements behind the front.

### LONDON, April 24 (via Montreal).

It is reported that Russian Bolshevik headquarters staff is hastily evacuating Orenburg, in Southeast Russia, and that Gen. Dutov's army is rapidly advancing on the town.

Gen. Dutov already has captured Orenburg, 152 miles south of Omsk. In Southeast Russia, the Bolsheviks have joined the Siberians and are fighting desperately. Fugitives in the liberated districts also are joining Admiral Kolchak's forces in large numbers.

### GEN. ALVAREZ' WIDOW HEARS HE'S NOT DEAD.

(BY A. P. NIGHT WIRE.)

NEW ORLEANS, April 24.—Senora Rosena D. Alvarez announced at her home here today she had received a telegram from relatives in Brownsville, Tex., stating that her husband, Gen. Francisco Alvarez, of the Mexican anti-government forces, had not been executed at Vera Cruz last Monday, as was announced. The telegram, she said, was not from official sources, and she still was inclined to accept the announcement of the general's death at the hands of a firing squad.

### CORONA AWAY OVER VICTORY LOAN QUOTA.

(BY A. P. NIGHT WIRE.)

CORONA, April 24.—Corona already has oversubscribed by several thousand dollars its quota in the Victory Loan, and is busily engaged in subscribing to still more bonds. Its quota was \$109,000. In one day it obtained subscriptions totaling \$145,650.

The committee used a simple but effective method. Letters were sent to every prospective subscriber asking that a certain amount be subscribed, but, if the amount suggested was too great, to call on the committee, explain and then buy as many bonds as he could. Practically every recipient responded with a subscription to the amount suggested.

### TEXT OF ORLANDO'S REPLY TO WILSON.

(BY CABLE AND ASSOCIATED PRESS.)

PARIS, April 24.—Following is the text of Premier Orlando's statement:

"Yesterday, while the Italian delegation was discussing counter-propositions which had been received from the British Prime Minister, and which had for their aim the conciliation of contradictory tendencies which were manifest concerning Italian territorial aspirations, the Paris newspapers published a message from the President of the United States in which he expressed his own thought on one of the grave problems which has been submitted to the judgment of the conference.

"The practice of addressing nations directly constitutes surely an innovation in international relations. I do not wish to complain, but I wish to record it as a precedent, so that at my own time I may follow it, inasmuch as new customs and less constitutes the granting of nations of larger participations in international questions and tends to remain a loyal ally of the great American republic, namely, to the Italian government."

### STILL LOYAL ALLY.

"Nevertheless, if these appeals are to be considered as addressed to nations outside of the government which represent them (I might say even against the governments), I should feel deep regret in recalling that this process, heretofore applied to enemy governments, is today applied for the first time to a government which has been and intends to remain a loyal ally of the great American republic, namely, to the Italian government."

### INTERNATIONAL PORTE.

Premier Orlando then points out that Antwerp, Genoa and Rotterdam are international ports, serving as an outlet to diverse peoples and territories without national frontiers. The privileges by which nations qualify as excessive the Italian aspirations toward the Dalmatian coast, he said, should be applied throughout centuries, which Roman genius and Venetian activity had made a reality. He said that the Italian people, desiring for centuries implacable persecution, had now reached a point of patriotic fervor with the Italian people.

"The Italian people, proclaimed with reference to Poland that denationalization based on violence and force should be applied to Dalmatia."

### COLD STATISTICS.

Passing to the argument of "cold statistical statistics," the Premier affirms that among the national reconstructions occupied by the world, France and the reconstructed nations will count within their frontiers the largest number of persons of alien race than would be attributed to Italy, and asks why only Italy should be suspected of Imperialistic cupidity. The history of the negotiations, he said, showed that the Italian delegations acted not only with firmness, but with a grand and noble conduct. He concludes his statement as follows:

"Presidential message ends with a warm declaration of America's friendship for Italy. I reply in the name of the Italian people, and proudly claim the right and honor to do this as one who in the most tragic hour of this war proclaimed the cry of resistance at all costs. This cry was heard and replied to with courage and abnegation of which there are few more striking examples in the world's history."

"Italy, thanks to the most heroic sacrifices and purest devotion of her children, was able to ascend from the abyss of misfortune to the radiant crest of most glorious victory. In the name, therefore, of Italy, I express with all my power the sentiment of admiration and profound sympathy which the Italian people profess toward the American people."

### REFERS TO WILSON.

Referring to President Wilson's statement, Premier Orlando says it entirely purports to demonstrate that the Italian

### VILLA GRIP ON PARRAL

#### Town Taken and Looted Sunday.

American Property Unmolested; ex-Mayor, Two Sons Ordered Executed.

Federal Troops Reported in Attack on Rebel Forces; Communication Cut.

(BY A. P. NIGHT WIRE.)

JUAREZ, April 24.—Francisco Villa fought his way into Parral, the famous mining camp 125 miles southeast of Chihuahua city, Sunday morning after a battle which started at daybreak Saturday and ended with Villa's entry at the head of his 1500 troops Sunday morning at 11 o'clock. The town was then looted.

Three American mining men arrived here tonight from Parral with the first information of the battle. When they left Parral Tuesday morning Villa held the town, but later reports stated that the government troops from Chihuahua city, which left there Sunday on four troop trains, had attacked and a battle was reported to have been in progress around Parral today. This cannot be confirmed as wire communication has been interrupted.

After taking Parral, Villa announced that none of the American or other foreign properties would be molested and that all of the Americans employed in and near Parral would be protected. He ordered Jose de la Luz Herrera, former Mayor of Parral, and his two sons executed Monday.

### AIDED AMERICANS.

The elder Herrera was Mayor of Parral when Maj. Frank Tompkins' cavalry squadron was attacked by Villa sympathizers in Parral during the punitive expedition when Tompkins was closely pursuing Villa toward Las Nieves, Durango. Herrera attempted to stop the demonstration and aided the Americans. This and the fact that he was the father of Gen. Luis and Melchior Herrera were believed to have been responsible for his execution.

One of the Herrerias executed was Melchor Herrera, former Mayor of Juarez. The other was Zafraus Herrera, brother of Melchor, a third son, escaped.

With the capture of Parral, Villa is reported to have received reports from American mining companies for heavy tributes in return for protection of foreign properties from damage at the hands of his followers. Several months ago, Villa demanded \$10,000 gold from the companies operating in Chihuahua State as tribute and included several of the Parral district companies in the demand. Of the larger companies operating in that district are: The San Francisco del Oro Mining Company, a British corporation; the American Smelting and Refining Company, owned by the Guggenheim interests, which has properties in Veta Colorado, five miles from Parral, and the Alvarado Mining and Milling Company, a Boston company.

### ANGELES ARRESTS.

The attack which resulted in the capture of Parral by Villa started as soon as it was light enough to see the objectives Saturday morning. The assault was made from the east side of the town and was met with stubborn opposition by the Federal garrison, which numbered 100 men, under Gen. Gomen. Assisting Villa in directing the attack was Gen. Felipe Angeles. It is believed Angeles has been prevented from Parral from executing prisoners and

### JAIL CAFE MAN ON WIFE-ASSAULT CHARGE.

Mike Restovich, proprietor of a cafe at 621 South Main street, was placed in the City Jail last night charged with battery. Plainclothesmen Peyton and McCabe say they saw him knock Mrs. Restovich from the running board of his speeding automobile, to which she had jumped from a taxi. Restovich claims that his fist accidentally struck Mrs. Restovich under the chin.

### THREE YOUTHS HELD AS AUTO THIEVES.

Paul Vickery, 18 years old, of Manchester, Eng., is in the City Jail charged with stealing an auto owned by A. H. Wittenberg. Two other boys, William Edwards, 18, and Jack Holmes, 15, arrested in the north on the same charge, will be brought here today in the custody of Detective Roberts.

### POLES PLAN PRAYERS FOR FORT OF DANZIG.

THREE MILLION IN AMERICA TO UNITE IN APPEAL FOR ANCIENT CITY.

(EXCLUSIVE DISPATCH.)

WASHINGTON, April 24.—John F. Smulski of Chicago, president of the national Polish department, announced here today that 3,000,000 Poles in the United States would unite in prayer and resolution next Sunday for inclusion of the ancient Polish seaport of Danzig within the new Polish state.

Alarmed and distressed by the newspaper reports indicating that Danzig may be internationalized or given over to a joint commission of some nature for administration, the Polish people plan to support the cables which they have already sent Premier Wilson with this final appeal.

"It is not for Poland; it is for the world the cable is being made," said Mr. Smulski. "The peace of the world, enduring peace which we in America desire, can only be predicated on the erection of a strong Poland, a strong Czechoslovakia and a strong Rumania. These are the barrier states on which all hopes for peace in Western Europe are founded."

"Poland, without Danzig, will be made incapable of relating the onslaughts of the enemies of order."

### SEPARATE PEACE SPECTER LOOMS.

BY HENRY WALES.

(BY CABLE—EXCLUSIVE DISPATCH.)

PARIS, April 24.—Lloyd George today is beginning to feel queasy as to whether the no-separate-peace pact is a mere scrap of paper which can be ignored. This paper was agreed in London in 1915, just after Italy entered the war and willed that the Italians line up with the Allies. Now, however, it is the Italians who hold the whip hand.

American viewpoints are that no-separate-peace agreement was nullified first when Russia broke it and again when the armistice was signed, as it was devised only for the duration of the war.

The Italians are counting upon either Lloyd George or Clemenceau weakening and rallying to their support and they will make a formal demand upon the Allied Powers, reminding them of the no-separate-peace agreement.

The American peace commission realizes that if Italy withdraws and

Prince Colonna, Mayor of the Eternal City, is a strong proponent of the Adriatic. He is a strong proponent of the Adriatic. He is a strong proponent of the Adriatic.

# Italy Massing Troops in Disputed Territory; Threatens Separate Peace with Germany

## FIX UNIVERSAL DATE OF PEACE.

Transition Period of Sixty Days is Proposed.

Final Decisions on Treaty not Yet Reached.

Arrival of German Delegates not Definite.

(BY CABLE AND ASSOCIATED PRESS.)

PARIS, April 24.—A clause has been drafted for insertion in the peace treaty fixing the date for the transition to a state of peace sixty days after the signing of the treaty. According to the present plan each nation will ratify the treaty according to its own laws, but all will unite in a common date which will become a universal day of peace.

The date of the arrival of the German peace delegation at Versailles is still undetermined and the allied representatives apparently are not pressing for haste in view of the uncertainties of the Italian situation. Delay in framing the treaty of peace also is a reason for not desiring the speedy arrival of the enemy plenipotentiaries. Gen. Nudant, marshal Poch's representative at Spa, has been officially informed today that under the peace delegation there will be a party of twenty-five persons.

It is being admitted that final decisions on the treaty have not yet been reached on a number of secondary questions. Among these questions are the details relative to the disposition of the German cables, some aspects as to reparations, the agreement of the organization commission to sit after the conclusion of peace to supervise the collection of reparations and the dates when the latter instalments of the indemnity from Germany shall be paid.

**TECHNICAL DISPUTE UNSETTLED.**  
The question of the Tscherning region in dispute between Poland and Czechoslovakia will have to be settled by means of an understanding reached directly by the Poles and Czechs according to the Petit Parisien. It says the committee of five of the Peace Conference has so decided.

The Temps publishes in detail the report of the commission on responsibility for the war. This report was presented some time ago, but the council of four has since taken action differing from the original draft.

The report as published contains four chapters. The first formally condemns Germany and Austria-Hungary were responsible. The second presents thirty-two indictments of the leaders of the laws and customs of war and concludes with the statement that the central empires, Turkey and Bulgaria, conspired for the violation of the laws and customs of war.

**SUBJECT TO PROSECUTION.**  
The third chapter declares that the German government and its agents are subject to prosecution.

tries, however high their station, may be objects of judicial prosecution. The fourth demands the constitution of a high tribunal to judge crimes committed during the war, without, however, excluding common tribunals of the different nations from acting in cases not coming under the jurisdiction of national courts.

The newspaper points out that the report of the commission places violation of the rules of war in the category of ordinary crimes, and therefore it is possible to bring former Emperor William to trial as he has twice been charged with complicity in war crimes. Such a trial would have no effect on the trial on charges of having committed political crimes.

The report of the commission is summarized as declaring the necessity and the possibility of trying and punishing the authors of war crimes and even the former Emperor for complicity in them.

## I. W. W. DEFY CHICAGO TO STOP CONVENTION.

TELL POLICE REFUSAL OF PERMIT WILL NOT STOP PARADE MAY FIRST.

(SPECIAL DISPATCH.)

CHICAGO, April 24.—Chicago, which harbored the postpaid assembly in 1917, has been selected as the scene of the Industrial Workers of the World convention, at which the question of calling a nation-wide strike on July 4 and the establishment of a soviet will be discussed.

Chief of Police Garrity and First Deputy Aloock received information today that under the banner of the I. W. W., a convention of radicals will open at the old West Chicago clubhouse, 118 Throop street, on May 1.

With this information there came to Chief Garrity a note of defiance from Morris Backall, New York Bolshevik, to the effect that the "reds" of Chicago would hold a parade May 1, despite the refusal of the city to issue a permit.

"I will have a conference with the radicals to see if they will agree to a peaceful parade," said Chief Garrity. "If the radicals refuse to parade peacefully it may be possible we cannot prevent them, however, a permit has been refused and they are threatened with arrest."

Deputy Aloock admitted that the radicals have been growing bolder in their propaganda work among labor unions of the city, apparently with the purpose of attempting to strike the city by a strike.

"So far their work has been most effective among the unionists," the first deputy said. "The real test of their strength will probably be shown at the convention."

## WILL GIVE STATE'S BIGGEST AIR CIRCUS.

GREAT AERONAUTICAL SHOW TO BE STAGED IN MAY AT ASCOT PARK.

(SPECIAL DISPATCH.)

SAN DIEGO, April 24.—It was announced at North Island today that a great flying circus will be given at Ascot Park, Los Angeles, some time between May 10 and May 15, probably May 10 and 11. The aeronautical show, which will be the largest and most varied ever given in California, will be a memorial for the airmen who lost their lives during the war.

The flyers, enlisted men and airplanes will participate from four great flying fields, the one at Rockwell Field, here, Ellington Field, Texas; March Field, Riverside; and the balloon school at Robertson of Rockwell Field are in charge.

A special night bombing program will be put on with equipment of the bureau of construction and repair; Lieutenant-Commander Patrick N. L. Bellinger and Albert C. Read of the bureau of operations, and Lieutenant-Commander Robert L. Lavender of the bureau of steam engineering, will be on the fleet.

## FIUME OR BREAK. ITALY'S THREAT.

(Continued from First Page.)

Premier Orlando and the other members of the Italian delegation apparently are much angrier over President Wilson's world-wide publication of his position on the Adriatic question than over his opposition to their claim and the fact that diplomatic procedure has been violated and what is termed an insult offered to the Italian government because the President made his position known to the Italian people over the head of the peace delegation.

Discussing this contention today, a member of the American peace delegation said: "If the Jugo-Slavs had shown the slightest inclination to concede any point in the Italian difficulty, the Italians probably would have been prepared to follow their lead by making a statement made last night in French circles."

Both sides, however, displayed the utmost stubbornness, the Italians being too proud to give way," it was said. "First, they consider that, as they fought throughout the war as a solid entity, they were entitled to consideration on that account, while the Jugo-Slavs, according to Italian view, became an entity only when hostilities ceased and after some of them had been fighting against Italy."

It is recognized that both France and Great Britain are in a difficult position owing to the existence of the secret agreement with Italy, as laid down in the Treaty of London.

to convene Parliament in special session and secure from that body the passage of a measure providing for the annexation of the Dalmatian and other eastern Adriatic territory, given to Italy by the London agreement, and also of Fiume.

Reports have been received, the captain added, that a military demonstration by the Jugo-Slavs at Spalato was contemplated, in which event the Italians would take proper counter-measures.

The situation in Fiume is complicated by the fact that the town as the headquarters of the Allied army of the Orient contains French and British, as well as Italian troops. A one-sided Italian occupation of Fiume, it is believed, would immediately provoke a diplomatic and military issue with the European Allies.

It was stated in high American quarters today that President Wilson on several days ago informed Premier Orlando of the contents of the statement which the President issued yesterday. Premier Orlando then consulted with Col. House and decided with him the question of the issuance of a counter statement by the Italian Premier.

The explanation was made to show that the Italian delegates were not quite as surprised over the issuance of the President's statement as they professed to be.

**ORLANDO MEETS COUNCIL.**  
The Adriatic question was taken up when Premier Orlando again attended the meeting of the council of four yesterday afternoon. The other members of the council, Premiers Clemenceau and Lloyd George and President Wilson, also were present.

Premier Orlando, in a statement to the Italian correspondents last night, outlined the events of the day. He said that yesterday morning he had received a letter from the Italian Premier, in which he stated that Fiume was to be a free city and not under the administration of any power.

The delegation then inquired, he said, if this represented President Wilson's opinion and received an affirmative answer. The Italian delegation met at 4:30 o'clock to take up the note, but had hardly begun its consideration before an afternoon newspaper was brought in and the Italians were dumfounded. The Premier said, to find Mr. Wilson's note printed there.

**DOUBTS REMOVED.**  
The surprise of the Italians was intense, Signor Orlando continued, to learn that a document so vital had been made public in such a manner and at first doubted its authenticity. These doubts were soon removed, however, and the delegation, after a discussion which lasted until 1:18 o'clock, the Italians considered it necessary to make known their surprise to France and England.

AMERICAN HATTER  
HAT LOGAN

2628 South Broadway  
(Orpheum is next door)

HAT LOGAN SAYS:  
The reason is simple. The cost of telephone operation has steadily advanced  
both because of the increased cost of material and the increased living cost of  
employees. The consumer has realized the necessity of paying more for rent,  
for food, for clothing and for transportation. The telephone industry has been  
affected by the same conditions which have produced higher prices in all of the  
necessities of life.

Between 1913 and 1918, commodity prices advanced 112%, wages advanced  
72% and Bell Telephone rates the country over advanced only 4%.  
Adequate rates are needed if the service is to be maintained efficiently and on  
a comprehensive scale, so as to meet the increasing demands of the public.

This company is operating its telephone property under the direction of the  
Postmaster General for the United States Government and must secure sufficient  
revenue to cover the cost of rendering the service.

do not dispute the fact that the  
international regime we are now  
living under is the result of weak-  
ness which will continue to be a  
peril of future prosecution. Are  
we going to let the law be broken?  
Are we going to let up all exist-  
ing treaties? Is it to remain of  
our alliance?"

The Paris newspapers as a  
whole declare that the situation  
must be permitted to develop  
into a retrievable step in the  
wrong. They express the hope  
that an acceptable compromise  
will be reached.

HAT LOGAN SAYS:  
The reason is simple. The cost of telephone operation has steadily advanced  
both because of the increased cost of material and the increased living cost of  
employees. The consumer has realized the necessity of paying more for rent,  
for food, for clothing and for transportation. The telephone industry has been  
affected by the same conditions which have produced higher prices in all of the  
necessities of life.

Between 1913 and 1918, commodity prices advanced 112%, wages advanced  
72% and Bell Telephone rates the country over advanced only 4%.  
Adequate rates are needed if the service is to be maintained efficiently and on  
a comprehensive scale, so as to meet the increasing demands of the public.

This company is operating its telephone property under the direction of the  
Postmaster General for the United States Government and must secure sufficient

MEXICO REJECTS  
MONROE POLICY.

Carranza Also Withdraws  
Minister to France.

Resents "Slight" in not Being  
Party to Peace.

Official Statements are Pub-  
lished in Capital.

(BY A. P. DAY WIRE.)

MEXICO CITY (Wednesday)  
April 24.—The nonrecognition of the  
Monroe Doctrine by the Mexican  
government and the recall from Pa-  
ris of Albert J. Paul, Minister to  
France, to await orders in Spain,  
formed the substance of two state-  
ments printed tonight by all Mex-  
ico City papers tonight as having  
been given out officially by Salvador  
Diego Fernandez, Chief of Staff, in  
charge of the Department of Foreign  
Relations.

On statement says that since De-  
cember Paul has held credentials  
as Minister to France, but, notwith-  
standing the fact that the French  
government expressed its willingness  
to accept Senor Paul's nomination,  
he has been unable to present his  
credentials to the French govern-  
ment. Therefore, President Carranza  
has ordered Paul, together with the  
legation corps, to proceed from  
France to Spain, there to await or-  
der instructions.

MONROE DOCTRINE REJECTED.  
The other statement followed.  
The conference now meeting at  
Paris has considered the recognition  
of the Monroe Doctrine. Some gov-  
ernments, friends of Mexico, have  
asked Mexico for its opinion re-  
garding the doctrine and the Mex-  
ican Department of Foreign Rela-  
tions has answered that the Mexican  
government has not recognized and  
will not recognize the Monroe Doc-  
trine or any other doctrine that at-  
tacks the sovereignty and independ-  
ence of Mexico.

There have been reports that Gen.  
Eduardo Haya, who has been nomi-  
nated as Minister to Italy, also will  
be recalled, although there is no  
official information relative to  
the latter recall.

CARRANZA SEES SLIGHT.  
(BY A. P. DAY WIRE.)  
WASHINGTON, April 24.—Fall-  
ure of the Allied powers to invite  
Mexico to participate in the confer-  
ence of neutrals at Paris has aroused  
President Carranza to bitter resent-  
ment, which has been enhanced by  
the incorporation of recognition of  
the Monroe Doctrine in the coven-  
ant of the League of Nations without  
consultation of Mexico.

This was the explanation in well-  
informed quarters today of state-  
ments issued by the Mexican Foreign  
Office yesterday disavowing ad-  
herence to the Monroe Doctrine,  
and announcing the withdrawal of  
the Mexican representative in France.  
The developments were not un-  
expected here, because Carranza had  
been awaiting an opportunity to  
get his agent away from Paris for  
the real reason that he had been un-  
able to secure recognition from either  
the French or the British govern-  
ment.

UNDER SUSPICION.  
The Allied powers have made it  
clear to Mexico that the trans-  
action is looked on with suspi-  
cion because of its treatment of  
foreign investors and its attitude  
toward foreign nationals.

The State Department late today  
announced it had received advice  
from Mexico City, giving the text  
of the statements of the Mexi-  
can Office and published in Mex-  
ico City newspapers. Officials recalled  
that Carranza had been told that  
recognition of the Monroe Doctrine  
at the close of the Civil War, the  
United States had agreed to the  
recognition of Mexico to the case  
of Emperor Maximilian at the behest  
of the Mexicans and the friendship  
of the United States for Mexico had  
a large part in giving that country  
the right to throw off the yoke of  
the imperial yoke and execute the Em-  
peror.

ANTI-JAPANESE BILL

REPEAL TO CONCUR IN ASSEM-  
BLY AMENDMENT CAUSES  
LOSS OF MEASURE.

(BY A. P. DAY WIRE.)  
WASHINGTON, April 24.—The  
Senate refused, 22 to 16, early to-  
day, to concur in amendments to  
Senator Sample's school bill, which  
were made in the Assembly, and  
which would have the effect of  
prohibiting Japanese attending public  
schools with white children. Dis-  
tricts in California where separate  
schools are provided for Mongolians.  
The Assembly refused to re-  
cede from its action in amend-  
ing Senator Sample's bill, so as to  
prohibit Japanese from attending  
the regular schools where special  
schools for Mongolians are provided.  
The matter was thus thrown into a  
conference committee from both  
houses.

Assembly at the same time  
failed to adopt a resolution by Sen-  
ator Inman, urging the American  
peace delegates to oppose any pol-  
icy that would interfere with the  
right of nations individually to con-  
trol the subject of immigration.  
The vote for adoption of the resolu-  
tion was 21 to 18. Forty-one votes  
were necessary to adopt it.

the people of France, and the sus-  
picion of China. If we have ac-  
complished this much in four  
months how much more could we  
accomplish under the League of Na-  
tions in ten years?

It makes no difference how we  
adjust the Italian difficulty or the  
Japanese difficulty, there will be dis-  
sentiment and bitterness on the part  
of someone. And after we have ad-  
justed the boundaries of Italy and  
settled the difficulties between Japan  
and China then article X of the  
League of Nations comes in. Un-  
der this article we agree to guaran-  
tee the territorial integrity of these  
newly-adjusted states and to pre-  
serve their political indepen-  
dence. We agree to furnish a  
navy and an army and to keep our  
men in Europe if necessary to see  
that these boundary lines remain as  
we established them for all time to  
come.

PREDICTS WAR.

clared last December. The confer-  
ence will not make peace and in the  
spring we shall have war." Un-  
less we conclude the treaty with  
Germany, the League of Nations  
will withdraw from the internal af-  
fairs of other continents the French-  
man's prediction will prove a  
prophecy.

Senator Johnson of California, an  
opponent of the league, called upon  
President Wilson to stand firm  
against secret treaties. "To my  
mind," he said, "nothing more de-  
pressing or humiliating to us could  
be done than to transmit our vaunted  
idealism into territorial acquisitions  
of the Mexicans and the friendship

Says it is suicide to cut corns,

right out

You simply say to the drug store  
man, "Give me a quarter of an ounce  
of freestone," this will cost very lit-  
tle but is sufficient to remove every  
hard or soft corn from one's feet.

A few drops applied directly upon  
a tender, aching corn should relieve  
the soreness instantly, and soon the  
entire corn, root and all, can be  
lifted out with the fingers without  
pain.

This new way to rid one's feet of  
corns was introduced by a Cincin-  
nati man who says that while free-  
stone is sticky, it dries in a moment  
and seems to simply shrivel up the  
corn without inflaming or even irri-  
tating the surrounding tissue or

HUNS OUTLINE DRAFT  
OF PROPOSED LEAGUE.

BASE MEMBERSHIP ON HAGUE  
TREATY—URGE CONGRESS  
OF STATES.

(BY CABLE AND ASSOCIATED PRESS.)  
COPENHAGEN, April 24.—The  
German counter-proposal to the  
League of Nations are outlined in  
a long dispatch from Berlin.

The German draft proposes that  
the league shall embrace all belliger-  
ent states and all neutral states  
which have signed the Hague  
Treaty, other states to be ad-  
mitted by the consent of a majority  
of the members of the league, but  
the Holy See to be admitted without  
this condition.

It is proposed that the league  
shall function through a council of  
states and a world parliament, the  
former to be the chief administra-  
tive body, comprising representatives  
with equal rights of all the govern-  
ments.

The world parliament is to be  
elected from the parliaments of each  
state, one representative for every  
million inhabitants. The parliament  
to send more than ten repre-  
sentatives.

It is also proposed that an in-  
ternational tribunal and mediation  
bureau be created to decide re-  
spectively questions of law and ques-  
tions of interests. Every difference  
between states must be submitted  
to either body.

The draft plans that armaments  
shall be reduced to domestic require-  
ments, with no armed ships except  
for the league's naval police force  
and adequate coastal protection for  
each country. All straits and canals  
are to be internationalized. There  
must be no economic war unless rec-  
ommended by the league as a mea-  
sure of compulsion.

The draft also contains a labor  
agreement resembling the labor  
charter published in Paris.  
Regarding colonial questions, it  
recognizes the principle of interna-  
tional administration for tropical  
colonies.

(BY A. P. NIGHT WIRE.)

SACRAMENTO, April 24.—At the end of an all-night session the Assembly today adopted resolutions "dispensing with the Senate" and the members, filling waste baskets with books and paper rolls, stormed the upper house and bombarded the Senators as they were closing up the work of the session.

In both houses there was a good deal of good-natured "horse play" when the final session had extended well into the morning hours. Senator Nealon, whose bill carried an increased allowance for orphans, unknowingly bore about on his back a placard declaring he was an orphan deserving of public sympathy. When Brock facetiously voted

Get rid of that  
dandruff with  
Resinol

Dandruff often causes irritation of the scalp followed by the loss of hair. It should receive careful treatment. For best results wash the hair with Resinol Soap and occasionally touch the parts of the scalp where the dandruff appears with a little Resinol ointment.

Usually this treatment is successful promptly—the hair appears glossy and soft, and the scalp regains its normal skin health.

Sold at all drug stores. For full samples write Resinol, Baltimore, Md.

COMPLETE WORK  
OF LEGISLATURE

Enactment of New Statutes is  
Finished for Session.

Engrossment of Bills Delays  
Final Adjournment.

Governor's Signature Affixed  
to Sixty-four Bills.

(BY A. P. NIGHT WIRE.)

SACRAMENTO, April 24.—All of the work of the Legislature had been completed early tonight, with the exception of preparation and reading of formal reports on the engrossment and enrollment of bills, which was necessary before the forty-third session could be declared adjourned sine die.

Senator Johnson's bill calling a special election July 1 at which the proposed constitutional amendment providing for a \$400,000,000 State highway bond issue will be submitted to the people, signed today by Gov. Stephens. It was announced at the Governor's office that it was unlikely that any more bills would be signed by the Chief Executive before Monday.

The Governor has signed sixty-four bills passed at this session and he has until midnight May 27 to take executive action on the others. The Governor will either affix his signature to them and they will become laws, or they will die by means of the "pocket veto."

WORK ALL NIGHT.  
Scenes in the Senate and Assembly chamber today were in decided contrast to those presented yesterday, when the members of both bodies were working feverishly to dispose of all the measures on their files. Each house started the day yesterday with more than 100 measures to be considered, and after 4 o'clock this morning being refused passage or allowed to "die" on file.

For the first time in the history of the Legislature, according to veteran Senators, the Assembly completed its work on bills and resolutions in the evening, but failed, and despite the fact that scores of bills were passed by the upper house without debate and almost as quickly as the secretary could call the roll, there were nearly a score of measures on file when the Assembly disposed of its last bill.

APPROPRIATIONS.  
Among the last eight appropriation bills passed in the dying hours of the Senate session was one by Assemblyman Bennett appropriating \$200,000 for the establishment of a psychiatric hospital at San Francisco.

Assemblyman Polley's bill, aimed to eliminate an appropriation of \$12,000, was passed. The measure provides a system where the State would act as intermediary between the buyer and seller of small farms, and specifies that easy terms should be arranged for the benefit of soldiers and others who might desire to take advantage of the scheme.

A bill by Assemblyman Allen increasing the amount of State aid for pupil colleges from \$15 to \$25 per pupil, was passed.

MADE GRAND LARCENY.  
The theft of a sheep or lamb was made grand larceny under the provisions of a bill by Assemblyman Bruck, which the Senate passed last night by the vote of 18 to 12.

Assemblyman Dorris's bill doubling the State license for private employment agencies was passed. The measure provides for a system where the State would act as intermediary between the buyer and seller of small farms, and specifies that easy terms should be arranged for the benefit of soldiers and others who might desire to take advantage of the scheme.

## CAMP KEARNY TAXED TO HANDLE SOLDIERS.

LARGE NUMBERS ARRIVING DAILY FROM THE EAST FOR DEMOBILIZATION. (BY A. P. NIGHT WIRE.) CAMP KEARNY, April 24.—Piling into camp almost on the heels of the big detachment of the Three Hundred and Sixty-fourth Infantry, which arrived here yesterday, there came today a detachment of the Twenty-sixth Division from Camp Devens, Mass., numbering 110, and other detachments are scheduled to arrive tomorrow. These arrivals are taxing the ability of the rather small force at the disposal of Maj. Will Kelly, in command at the demobilization center, but so far there has been almost no delay in sending the men down the line of ex-amines.

## CONDITIONS ARE GETTING BETTER.

Number of Unemployed is Greatly Reduced, According to Reports of Cities. (BY A. P. NIGHT WIRE.) WASHINGTON, April 24.—Employment conditions throughout the United States are steadily improving, reports received from 3417 representative cities in fifty-eight states received by the United States employment service today show. Reports show twenty-seven cities reporting a surplus of labor of 59,937 as compared with 13,773 the previous week. Six show a combined shortage of 3600—an increase of 150 for the week. The rest of the cities report an approximate equality.

## AMERICANS ASK TO QUIT RUSSIA.

Troops Homesick, Says Nurse Who Served There.

Doughboys Threaten Trouble if not Recalled.

Red Cross Worker Describes Archangel Front.

BY ARTHUR E. MANN.

(BY CABLE—EXCLUSIVE DISPATCH.)

LONDON, April 24.—The American boys of the North Russia Expeditionary Force said:

"Tell the folks at home if they don't bring us home soon there will be trouble."

This is the message which Miss E. Foerster, American Red Cross nurse, of 1946 East Circle avenue, Chicago, brought back today from the American doughboys leashed among the fields marshes of the Archangel and Murmansk fronts.

She has just arrived in London after a sixteen-day trip from Archangel. There she was one of the two American Red Cross nurses with the North Russia expedition—the other was Miss Gosling of New York. They were in charge of the Red Cross hospital there since their arrival last September.

RECALLED FOR REST.

Now Miss Foerster is on her way home, having been recalled by Red Cross headquarters at Washington. Seven months of the hardest kind of work has made a rest necessary, and, although the American authorities there repeatedly asked for and obtained a promise of relief and reinforcement from the Red Cross, British military authorities at Archangel refused to allow any more women to go there on account of the dangerous military situation.

"The American soldiers in North Russia did not know whether to believe they are to be brought home this summer or not," Miss Foerster said. "They have read in bulletins and in a newspaper published at Archangel for them what are probably semi-official statements that they will be recalled then, but they do not feel safe in their knowledge."

"It was this uncertainty and not Bolshevism which led to the mutiny of an infantry company. The men had been back from the front for a rest, and when orders came to return to the firing line their longing for home combined with their inability to understand why they should be fighting an enemy against whom war had not been declared, got the better of their sense of discipline. They refused to go."

Col. Stewart of their regiment gave them a long talk, and finally they all agreed to return to the front. I am glad none suffered the fate which is prescribed for such cases, but they will not get off so lightly if it happens again—and it may happen again unless they are not only sent home this summer, but made to believe that they are going."

While declining to believe that the mutineers and also those of other units who had previously indulged in some insubordination were influenced by Bolshevist propaganda, Miss Foerster admitted that the propaganda was being well done.

"The Bolsheviks are printing a newspaper in good English," Miss Foerster said, "which they throw into the hands of the American boys. I believe some of their propaganda has been made in America."

She described the most dramatic episode in the Bolshevik campaign to influence American troops.

"One day a group of the former appeared on a little bridge across the stream separating the two lines. They had you know, a Bolshevik cried appealingly, in perfect English. We like you. We like America. But you have no right to be here in our country. Go home. If you do not we will push you into the sea."

ALLIES OUNNUMBERED.

All military leaders of the North Russian expedition admit privately that the Bolsheviks have not made good that threat only because for some unaccountable reason they have not wanted to cut their own throats. The Allied and American forces, until lately they had more guns than the latter. They are using sam munition and guns which were sent there by the Allies for the Kerenky government. The Bolsheviks are a tremor of the hull. At night a powerful searchlight showed our path in the ice and rain and snow.

LONG JOURNEY.

Miss Foerster, on reaching Murmansk, took another steamer to the little port of Cardo, Norway, where she transhipped again to a vessel which carried her to Bergen. There she caught a ship for Newcastle, Eng. She is sailing for New York in a few days, and after reporting to headquarters at Washington, hopes to spend a month's vacation in Chicago.

Being half of a two-woman power directing the staff of a seventy-bed hospital has made her feel like loafing a bit. Most of the time the wards were full—with surgical, medical and wounded cases. Up to April 24 a total force of 1169 men, 214 had died of wounds or illness.

One of the difficulties she had to encounter was that of stolen supplies. Every crate of every consignment was invariably opened between Murmansk and Archangel, she said. Sometimes nothing was taken, but on many occasions a big dent was made in the contents.

"Who did it? Americans, Britons, French or Russians—anybody who could get their hands on the stuff," she said.

Miss Foerster spoke encouragingly of the proved quality of the Russian national army fighting with the North Russian expedition.

"I think they are beginning to realize that inasmuch as the Allies will be withdrawing before long, it is up to them to get to work. They are fighting well now, and have been sent to several parts of the front."

## PRAIRIE DIVISION IS VIEWED BY NOTABLES.

THREE CONGRESSMEN, SECRETARY OF WAR AND YOUNG FERRISING THERE.

(BY CABLE AND ASSOCIATED PRESS.)

LUXEMBURG, Wednesday, April 23.—Among the interested spectators of the review of the Prairie Division here yesterday, were three Illinois Congressmen, Martin B. Madden, William B. McKinley and Richard Yates. Warren Pershing, son of the commander-in-chief who came to Europe with Secretary of War Baker, also was present.

During the day, more than 100 decorations were presented by Gen. Pershing. Brig.-Gen. George Bell, Jr., commander of the division, and Brig.-Gen. Paul Wolf received Distinguished Service Medals and Col. Joseph Sanborn and Abel Davis were given Distinguished Service Crosses. Among the decorations awarded were five French War Crosses and one Belgian Order of the Crown.

Secretary Baker spent nearly two hours in moving along the line of troops, while Gen. Pershing passed from one company to another on his round of inspection.

It happened that most of the men encountered by Mr. Baker during his walk were nearly six feet tall and so the Secretary, who is but five feet six inches in height, asked for a company of smaller men. Meeting soldiers of his stature and some even smaller, Mr. Baker asked one of the smallest if he had seen any Germans captured.

"Quite a number, sir," replied the short doughboy.

"Who captured them?" asked the Secretary. "The big men or little men?"

"The little ones sir," answered the doughboy, smiling.

"I knew the little men were fighters," was Mr. Baker's comment as he moved along to talk to other little fellows of the group.

The Secretary also heard that quite a number of soldiers from the Thirty-third were taking home Luxembourg girls as brides.

## WHY The 3300 Teachers of the Los Angeles Public Schools are Conducting an Educational Campaign:

World ideals are being reshaped. The supreme importance of the public schools in making "A world fit to live in," should be thoroughly realized and appreciated by every thinking individual.

Los Angeles public school teachers believe that the general public is not fully informed on actual conditions in the city schools.

It is an educational axiom that, "As the teacher is, so the school will be."

Therefore, the public school teachers plan to give an account of their work, using exhibits of school activities, space in the newspapers, motion pictures, community meetings, and other means of reaching the public.

The educational campaign was originated and is being conducted wholly by the public school teachers of Los Angeles, and they do not share the responsibility of the campaign with any outside interest or organization.

BACK-TO-FARM  
LOSES CHARM.Returning Soldiers not Eager  
for Country Life.Fact Shown by Kern County  
Employment Office.Labor Shortage Serious, Claim  
at Bakersfield.

(LOCAL CORRESPONDENCE.)

BAKERSFIELD, April 24.—Returning soldiers are not eager for ranch work. This fact has been established by records in the United States free employment office in this city, where hundreds of discharged soldiers have applied for work during the past five months. Men returning from the army who before their enlistment had passed their life on ranches and farms are now seeking occupations where they will be grouped with fellow-workers. The closer association of the army is blamed for the change.

Kern county is today facing a shortage in farmhands, and, according to Earl Harris, manager of the local office, the demand is far in excess of the supply. So serious has the shortage become that Mr. Harris has communicated with the United States employment offices at other points.

Conditions in the labor market in Kern county are in direct contrast with other sections of the country, where the lines of unemployment are daily lengthening. Several large improvement projects now under way are said to be responsible for the shortage here, as the men, and especially soldiers, are showing a decided preference for this class of work.

Another feature of the labor situation, according to Harris, is the large number of men who are returning from the army with sufficient knowledge of a trade to permit them to follow it. These are men who, in the majority of cases, were in the ranks of unskilled workers before their experiences in the army.

**VICTORY TANK LOST.**  
After being lost for three days somewhere between Bakersfield and San Francisco, the Victory tank, under the command of Sergt. Henderson and Corp. Wells, who piloted it

across No Man's Land in the Argonne battle in France, has finally arrived here. The tank today started a twenty-day tour of the northern part of the state. The tank, which has been traveling on a gravel motor truck, proved too much of a burden for the vehicle and a breakdown was experienced near Maricopa, delaying the opening festivities of the Victory Loan drive in Bakersfield several days.

Jay A. Hinman has been elected Mayor of Bakersfield to succeed C. L. Taylor, whose term of office has expired. Hinman was named by members of the new City Council, which has just been inducted into office after a spirited city election of a month ago. New appointments made by the City Council include: W. W. Harris, city manager; Miss John E. Graffius, City Treasurer; Wesley P. Grijalva, City Attorney; W. H. Thomas, police judge; Vane Maen, City Clerk and Auditor; J. E. Wheeler, assessor.

**TO LAUNCH VICTORY SHIP.**  
The ship Bakersfield, named in honor of this city for its patriotic part in the Fourth Liberty Loan, is being built in Los Angeles Harbor, and will be launched in that city on or about June 15. Mrs. W. Todd, chairman of the women's division of the fourth loan, will be sponsor of the ship.

**AUTO STRIKES AGED MAN.**  
(LOCAL CORRESPONDENCE.)  
REIDLAND, April 24.—Dr. A. W. King, West Palm avenue, 54 years old, was struck by an automobile on the Foothill boulevard near San Bernardino today, and both bones in the left leg below the knee were broken and small bones in the ankle. Dr. King is deaf and did not hear the machine coming around a sharp curve. He was walking on the road to pick wild flowers. He is the oldest member of the order sixty years.

(LOCAL CORRESPONDENCE.)  
CHATEAUMONT, April 24.—Next Saturday evening the girls' glee club of Occidental college will appear in concert in Bridges Hall under the auspices of the Pomona College and glee club, which has arranged an exchange concert with the neighboring institution. The home concert of the Pomona Club will occur on the evening of May 17.

**TO HAVE RURAL ROUTE.**  
(LOCAL CORRESPONDENCE.)  
RIO BRAVO, April 24.—This district will have a rural route to replace the postoffice service which has been discontinued, owing to the fact that the office was burned in which the office was housed. Since the place burned residents have been forced to go to Bakersfield for their mail.

## The Spring Rains Bring Grippe

Thirst of weather brings colds and grippe. If it's just a common cold people say, "there's no danger in that!" But many a fatal sickness begins with a cold—with vitality weakened—the system is ready for the influenza germs. Begin early to ward off the attack. Purge the system of the toxins (poisons) by taking castor oil, or a vegetable laxative made of Mayapple, leaves of aloe, and jalap, rolled into sugar-coated pills and to be had at all drug stores as Dr. Pierce's Pleasant Pellets.

× If the cold starts with a cough, and it persists then some local treatment for this condition should be taken. A well known alternative extract which has been on the market for a great many years, and which has been highly recommended by thousands of users, is Dr. Pierce's Golden Medical Discovery. This tonic compound is composed of an extract of roots and herbs without alcohol, and has a soothing effect upon the mucous membrane, allays the irritation and at the same time works in the proper and reasonable way, at the seat of the trouble—the stagnated or poisoned blood.

## DROP HARSH INDIAN NAMES

(LOCAL CORRESPONDENCE.)

LOS ANGELES HARBOR, April 24.—Soft-sounding Spanish and Hawaiian are being substituted for the harsh Indian names originally given to the new steamers now under construction for the Emergency Fleet Corporation. Seafaring men have complained that they have had to take two half stitches in the bight of their tongues to pronounce some of the Indian names, the selection of which has been accredited to Mrs. Woodrow Wilson.

Orders have been received here by local representatives of the Shipping Board to have hull that to be named the West Hump christened the Angelus. The West Hump is another name that has been eliminated and in its place the recommendation. The boiler-makers are the largest union in the shipyards, having over 100 members. Other locals will also vote on the agreement.

**DENVER MAN SHUNS LONG BEACH OFFER.**

**SALARY OF \$4500 NO INDUCEMENT TO REV. MEAD TO CHANGE PASTORATE.**

LONG BEACH, April 24.—Members of the official board of the First Methodist Episcopal Church expressed their disappointment, this afternoon, when word was received from Rev. Charles Larew Mead, pastor of the First Methodist Episcopal Church of Denver, Colo., declining the offer to accept the local pastorate, at a salary of \$4500 a year.

Negotiations had been pending between the official board of the local institution and Dr. Mead for many weeks. Yesterday a definite offer with a salary that is said has never before been offered a Methodist minister in Long Beach was telegraphed to Dr. Mead, but today a message was received from the Denver pastor, declining the offer.

**ONE TELEPHONE SYSTEM.**  
According to a communication received today by the Chamber of Commerce from the management of the local Home Telephone Company, this city will enjoy a one-telephone system, commencing June 1 of this year, which is a month earlier than expected. The city of Long Beach has been striving for years to eliminate the double expense of the dual telephone system. Several weeks ago the Pacific Telephone Company's holdings in this city were taken over by the Home, but the physical merger will not take place for about a month yet, it was announced today.

**INVITE SUPERVISORS.**  
To explain what has been done in securing the work of securing property and pushing the work on the proposed food control channel, the Los Angeles County Supervisors and County Council will be asked to meet at the Chamber of Commerce, according to action taken by the local commercial organization presented by the Supervisors consent to the meeting, what will be done and when will be one of the questions asked by the directors of the Chamber of Commerce, who expressed great interest in regard to pushing the work in the Long Beach territory, at an indeterminate date held today.

**MRS. LUCE SUICIDE.**  
Her health is advanced as the reason Mrs. Margaret J. Luce, 49 years old, shot and instantly killed herself, this morning, at her home, 107 West Ninth street. The woman, an English native, about 50 years old, while other members of the family slept. A week ago she was being treated for a nervous condition, which she had been complaining of for some time. She leaves two sons, C. E. and H. R. Luce, both of this city, two sisters and a brother.

Hearing on Today.

(LOCAL CORRESPONDENCE.)

PASADENA, April 24.—Sixty Pasadena High School boys heeded the Pacific Electric Railway today. They pulled whistles, exploded fuses and heckled the trainmen on the high school limited to such an extent that the hapless trainmen on the boys' car admit from the train and took the two cars carrying the girls, who had remained strictly neutral, on to the schoolhouse. The boys stayed on their car and refused to be evicted. The railway company claimed that the boys tampered with the air brakes and endangered the safety of all.

**R.O.T.C. IS INSPECTED.**  
The junior reserve officers' training corps at Pasadena High School was inspected today by Col. C. H. McAdams, United States Army, and the colonel was so well pleased with the showing the boys made that he has decided to have motion pictures of the corps taken, the pictures to be used by the army in promoting interest in military training in the high schools of other cities.

**MISS SABEL RESIGNS.**  
Miss Antonette Sabel, head of the music department at Pasadena High School, has resigned that position, to take effect at the end of the school year. Miss Sabel is a well-known Pasadena musician and is the friend of thousands of soldiers, having during the war been the army's authorized community singing director for many of the southern camps, with the rank of lieutenant.

**POLICEMAN'S HEARING.**  
The preliminary hearing of Patrolman Wylie Lewis of the Pasadena police force, charged with the burglary of Miss Elsie Livingston's home at 456 West Colorado street, will take place today. The case was postponed from today. George Carter, one of the defendant's attorneys, was out of the city. Constable J. C. Lewis has removed Lewis from the City Jail, where he has been since his arrest more than a week ago, and taken him to the County Jail.

Belgian Minister Tells Appreciation of Consul's Work.

Charles Winsel, Belgian Vice-Consul, is in receipt of the following letter of appreciation, under date of April 16, from F. Drien, Consul-General for Belgium at San Francisco:

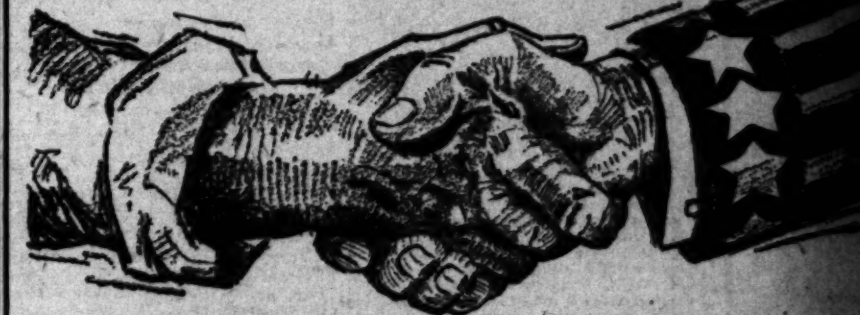

"I have acquainted the Minister of Foreign Affairs at Brussels with the devotion that you have brought to your very delicate functions during the whole period of the war and of the energy you have shown on all occasions to defend the interests of Belgium. Mr. Hymans, the Minister, begs me to thank you for your patriotism and the zeal which you have given proof. It is most agreeable to me to join my thanks to those of the Minister. And I pray you, my dear Consul, to receive the assurances of my distinguished consideration."

In a letter of appreciation, Mr. Winsel is sending to friends of Belgium who aided in war-time work here for his nation, the Vice-Consul states that from 1914 to April 1, 1918, the Los Angeles Committee of the Commission for the Relief of Belgium collected and forwarded to Belgium \$110,000 in cash and \$121,000 worth of clothing. Mrs. Willoughby Redman was chairman of the committee.

**ALLEGED MISBRAND DRUGS SEIZED HERE.**

Three gross and five dozen bottles of so-called drugs, which had been consigned to the Brunswick Drug Company by the Patent Chemical Company of Chicago, and by the Brega Manufacturing Company of Toronto, Ont., and Chicago, were seized yesterday by Deputy United States Marshal O'Leary and Special Agent Henson of the Department of Agriculture.

Libel bills covering the goods were filed in the United States District Court by United States District Attorney O'Connor. It is said that the stuff was misbranded and in violation of the Pure Food and Drug Act.

# The People and Their Troubles

## LETTERS TO "THE TIMES."

The Times writes strong, clear, bright, sensible, and popular. It is the only paper in the city that is not a mere echo of the public opinion, but a guide to it. It is the only paper that is not a mere echo of the public opinion, but a guide to it. It is the only paper that is not a mere echo of the public opinion, but a guide to it.

One More Amendment.  
SANTA BARBARA, April 22.—[To the Editor of The Times:] Speaking of constitutional amendments, let's have another. And while we are about it let it be one in harmony with the eternal principles of right and justice. Oh, that eighteenth amendment! That shameful issue of ignorance and bigotry that belies the American people and makes a mockery of liberty! The American people are not to be held responsible for that enactment. They had no voice in the matter. It was slipped over by gun-shod manipulators of the Anti-Saloon League at a time when patriotic Americans were devoting all their thoughts and energies to the prosecution of the war, when 4,000,000 red-blooded men in military service were unable to exert their influence or express their sentiments.

Take our own State of California: The people had voted on the prohibition proposition and had defeated it by an overwhelming majority, notwithstanding the "wets" were handicapped by the absence of the men in khaki. And yet a recent and manipulated Legislature thereafter treacherously nullified their action, and cast the vote of California for prohibition. However, I started out to suggest another amendment, and not to discuss the question of prohibition. Suppose something of this kind were proposed by Congress and submitted to the States for ratification:

AMENDMENT XIX.  
The right to manufacture, buy, sell, import, export, have, and consume spirituous, vinous, and malt liquors is hereby declared to be an inherent and inalienable right of a free people, and neither the United States nor the several States shall prohibit the free exercise of such right.  
Provided, that Congress shall have power to impose reasonable taxes, duties, and excises, and the Legislatures of the several States shall have power to impose reasonable taxes and excises, upon such liquors, and upon the manufacture thereof and the traffic therein.  
All laws and constitutional provisions inconsistent herewith shall remain in force until repealed.

## WOMEN AND WORDS.

By Cousin George.

Because a slightly unsuitable lady correspondent expressed mild antipathy to some of the opinions carelessly given in these columns, another of her sex throws out a friendly life-line which includes this quotation from the philosophy of Solomon J. Wisenheimer: "Do right and fear no man. Do not write and fear no woman." Much obliged. But the wisdom is wasted. Man will continue to write to women, of women and for women as long as he can buy women. He can't go by women. There never would have been a breach of promise suit in the world if it hadn't been for the habit of writing love letters which has grown ever since the day when man first began to etch on bark with a sharp stone. When Lagrippe was deserted by Bunco Scipio she spoke to her learned counsel about it and when

she carelessly showed him a letter in which Scipio called her his own darling itty oodles it was all off with man. "Bunco would cough up a million sentences rather than have the read that in the forum," exclaimed the wise old counselor, with a chuckle.

And he was right. The foolish things that men have written women would fill half the volumes in the world. Whenever a woman has written men would fill the other half.

It's about 50-50 between men and women when it comes to foolishness. But they all hate to have their foolishness aired in a public court. Hence we have with us always the breach of promise suit with its "Exhibit A" and so on down the alphabet—said exhibits being missives of inflammatory love. It works both ways. Sometimes the male is trapped through the female and the female through the male. Whenever a wife begins to think that divorce is not such a bad thing to have on hand she likewise begins to form some sort of espionage upon her husband's mail. Sometimes we find both sides feverishly eager to greet the postman. There are times when a wife will go through the form of embracing a husband while she secretly paws him over with the idea of

discovering the crinkle of a tell-tale letter. Sometimes the proceedings reach that stage wherein the letters are actually read in court much to the hilarity of the friends of the man and the sometimes envious of the friends of the woman—also to the glee of the public. It would seem that the most thrilling concoctions of the inflamed human brain had been read in court, but not so. You ought to read the thing now neatly tied up in blue ribbons in bundles our Hollywood way or over in Boyle Heights.

It may be said that a man not only takes his life but his reputation in his hand when he uses his fountain pen. Especially is this true if it

QUESTIONS AND ANSWERS.

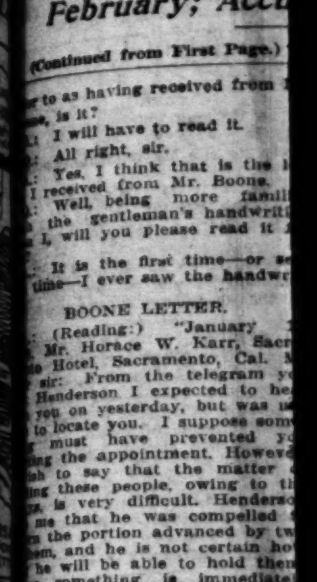

Q: What is an Angliophobia?  
A. T. T.  
A: Anyone who is violently opposed to England and everything English is called Angliophobic.  
Q: With whom should a person communicate concerning the personal effects of a soldier, who was killed in the recent war?  
A: Persons interested in the personal effects of soldiers should communicate with the Quartermaster Depot, Pier No. 3, Hoboken, N. J.  
Q: Has the United States loaned any money to Czechoslovakia?  
A: The United States has advanced in all \$41,300,000 to Czechoslovakia, largely for arms, ammunition and food for the Czechoslovak forces in Siberia.  
Q: Has France receded in the prohibition?  
A: N. E. M.  
A: Only as far as abstain is concerned. This is totally forbidden by law for all time; but distilled spirits may be sold to all except the army, where they are strictly prohibited.  
Q: When are the days that are called "Dog Days" and how long do they last?  
A: E. E. L.  
A: "Dog Days" is the name given to the period of from four to six weeks variously placed between the early part of July and the early part of September. This is the hottest season of the year and is so called because it was reckoned in ancient times from the rising of the Dog Star, "Sirius."  
Q: In washing clothes, how can I prevent blue from streaking the clothes?  
A: L. D.  
A: To prevent the blue from streaking the clothes mix one dessert spoonful of soda in the bluing water.  
Q: What is white gold?  
A: E. R. V.  
A: White gold is an alloy of gold in which silver predominates. The ratio is about twenty parts of silver to four of gold. It is used a great deal in jewelry manufacture as a substitute for platinum.  
Q: Are there any divisions of the American Expeditionary Force composed of negro troops?  
A: Two divisions of colored troops were overseas: the Ninety-second and Ninety-third. Both have been returned to the United States and demobilized.  
Q: Who first used the expression "United we stand; divided we fall"?  
A: E. E. P.  
A: The originator of the motto "United we stand; divided we fall" was probably John Dickinson (1722-1832) in his Liberty Song, written in 1768. The phrase was freely quoted during the revolution, and was used by George P. Morris in his poem "The Flag of Our Union," in 1781. The phrase was used by release may uniforms be worn by men who were in the navy?  
A: E. J. P.  
A: The rule is the same as that in the army. Uniforms may be worn three months after the date of discharge. The rule is the same for Naval Reserves. In all services uniforms may be worn at ceremonies, parades, meetings of service organizations and such gatherings, even after the three months period, in fact as long as the former service man lives.  
Q: What is the meaning of the word "Pogrom"?  
A: S. S.  
A: "Pogrom" is the name given to anti-Jewish riots in Russia.

Madam-do you know why we do this?

Of course you have seen on coffee containers the words "Mocha" and "Java," and you have always known that the best coffee is made from a proper blend of Mocha coffee with coffee grown on the Island of Java.

But few people think of good flour as being also a blend—a blend of different grades and qualities of wheat, grown sometimes thousands of miles apart and of great difference in color, size and shape of the wheat grain, and degree of hardness.

Good flour, Globe A-1 Flour, is not all hard wheat nor all soft wheat; not all white wheat nor yellow wheat nor red wheat; but a blend of all the best kinds of wheat so carefully and scientifically milled that when the sack of Globe A-1 Flour reaches your kitchen you can make the very best bread from it.

But more than bread alone. Globe A-1 Flour is "all-purpose" flour. You can make the richest cakes, the crispest pie-crusts, the flakiest biscuits and doughnuts, rolls, cookies—all of the

## REALTY BOARD FOR HIGHWAY.

Resolutions Passed Urging Early Construction.

Nation-Wide Move for Road to California Grows.

Hundreds of Organizations in the Campaign.

The governing committee of the Los Angeles Realty Board yesterday passed unanimously resolutions endorsing the transcontinental highway project and urging Congress to take steps to have the construction undertaken as soon as possible.

Weighty reasons for building at this time a transcontinental highway to California were cited in the preamble to the resolutions. Such a thoroughfare, it was declared, would result in the profitable development of large areas of land west of the Mississippi, would benefit substantially a large number of States and would bring many thousands of visitors and home-seekers by automobile to California.

The vast quantity of equipment and material in the hands of the government after the war, which could be utilized to great advantage in building the road, and labor made available by the demobilization of millions of soldiers, were given as overwhelming reasons for undertaking the work without delay.

Encouraging reports on the nation-wide movement in favor of national highways were received yesterday by W. M. Garland from the Federal Highway Council, of which he is a member. The council was recently organized with headquarters in Chicago. Its two objects are a national system of interstate highways and the creation of a Federal Highway Commission.

During the active campaign of the past few months, Mr. Garland was informed, the plan has received the endorsement of 425 chambers of commerce and boards of trade throughout the country. It has also received the endorsement of 150 other organizations, such as Rotary and Kiwanis clubs, traveling men's associations and all of the national and State good roads organizations.

State highway officials representing forty States have gone on record strongly in favor of a Federal Highway Commission and a national system of highways.

It is believed that the movement for a national system of highways and for the immediate construction of at least one transcontinental road to California has become so strong and widespread throughout the country that it will be successful.

AMEND PENSION SYSTEM.  
The recommendation of the Municipal League yesterday by the city council to make an investigation as to the financial responsibilities of the city would assume if proposed changes in the police and firemen's pension ordinance were adopted was emphatically turned down by the council yesterday. The council voted unanimously to adopt the ordinance amending the pensioning of a pensioned man shall receive 50 per cent. of his regular salary after his death, and that the dependents shall continue to receive aid from the pension funds until 21 years of age, instead of 18, the present limit.

## TWIRLER WON HIS OWN GAME.

Pitcher's Single Enabled Portland to Win Contest.

Art Fromme's Deliberate Pass Proves Costly.

Oldham's Curves Worked as Well as Bat.

(SPECIAL REPORT.)

PORTLAND (Or.) April 24.—"Red" Oldham won his own game today at the Vaughan-street grounds when he rapped out a single in the ninth inning scoring Eddie Bogart, Portland defeating the Vernon Tigers, 3 to 2. Bogart came up first in the ninth frame and hit out a scorching two-bagger over shortstop, the ball just tipping Mitchell's glove. Fuller sacrificed, putting Bogart on third base. Art Fromme twirling for Vernon deliberately walked Bogart, looking for a chance at a double play. Henning fouled out, Cook maling a high one. Oldham stepped up to the rubber and drove out a beauty through second base, bringing in Bogart and winning Portland's third game of the season.

The big carrot-topped southpaw was in great form and his fast ones were working to a perfection. Oldham won his way into the hearts of the home fans by his game and looked like a sure bet. He held the Beavers on every play and the entire team looked a lot different than upon the occasion of the opening game of yesterday.

The game commenced after a half-hour delay because of the rain. The Beavers starting off with scoring two runs from the first inning. The "Royal" Blue first man up, fanned the horseshoe sphere for a base clout right off the reel and Walter McCredie was as happy as a clam at highwater. Paddy Sillin helped make up for the worry he caused the McCredie family during the training season by slamming out a nifty single. Blue taking third base. Not to be outdone, Jack Farmer caught the ball in a care-free mood and proceeded to belt it for a double, scoring Blue and Sillin. Fromme settled down and became stingy with his hits and got by the rest of the inning without any fatalities.

Vernon scored one run in the second and one in the third inning. Edgington came in on Hoss's single in the second while Mitchell tallied in the third inning on Meusel's hit. Walt McCredie's warriors nicked Art Fromme for eleven safe cracks in all, getting at least one hit in every inning but the sixth. The Beavers pulled two nifty double plays and looked like a sure shake rope on a 330 pony. Errors were about as scarce as the blossoms on a century plant, both teams being credited with one each.

More than 3000 fans and fanatics laid their course for Recreation Park, despite the raging show-in of the Beavers on opening day and threatening weather. They were not disappointed and more ball games like yesterday will put the

game back where it ought to be with the following:

To give the Los Angeles and Vernon fans some idea of how the visitors won their two runs today, it might be well just to record that in the second, Horton, first up, went out. Blue to Oldham. Then Cook walked, Edgington forced Beck at second, Sillin to Fuller. Hoss singled to right, Edgington taking third. Hoss was caught off first. Oldham to Blue, to Sillin, Edgington scoring before the out. One run, one hit, no errors were chalked up.

In the third inning, Cook fouled to Baker. Fromme went out, Fuller to Blue. Mitchell singled to left. Chadbourne singled between first and second, Mitchell taking second. Meusel singled to right, scoring Mitchell and was out at second. Cox to Fuller, to Sillin. One run, three hits, no errors. This closed all opportunity. Vernon had of putting across any more runs.

The game commenced after a half-hour delay because of the rain. The Beavers starting off with scoring two runs from the first inning. The "Royal" Blue first man up, fanned the horseshoe sphere for a base clout right off the reel and Walter McCredie was as happy as a clam at highwater. Paddy Sillin helped make up for the worry he caused the McCredie family during the training season by slamming out a nifty single. Blue taking third base. Not to be outdone, Jack Farmer caught the ball in a care-free mood and proceeded to belt it for a double, scoring Blue and Sillin. Fromme settled down and became stingy with his hits and got by the rest of the inning without any fatalities.

Vernon scored one run in the second and one in the third inning. Edgington came in on Hoss's single in the second while Mitchell tallied in the third inning on Meusel's hit. Walt McCredie's warriors nicked Art Fromme for eleven safe cracks in all, getting at least one hit in every inning but the sixth. The Beavers pulled two nifty double plays and looked like a sure shake rope on a 330 pony. Errors were about as scarce as the blossoms on a century plant, both teams being credited with one each.

More than 3000 fans and fanatics laid their course for Recreation Park, despite the raging show-in of the Beavers on opening day and threatening weather. They were not disappointed and more ball games like yesterday will put the

## ACTION BILLED AT VERNON.

From Bantams to Heavies are the Classes.

Danny Nunes Meets Kramer in Main Event.

Semi-Windup Promises to be Sensational.

It looks as if plenty of action will be on tap at the boxing show at the Vernon arena tonight. Every class from bantams to heavies will be represented.

Danny Nunes, the little Sacramento boxer, will meet Sailor Kramer in the main event. The only line the fans have on Nunes' ability is his record. He has beaten the best of the little boxers on the coast and is said to be an aggressive little fellow with a real punch. In meeting Kramer he will take on one of the toughest boys that ever boxed at Vernon. Kramer showed his real class when he beat Danny Kramer all through a four-round bout recently.

Young Farrell and Kid Mende, two local boys, will meet in the semi-windup. Both have boxed sensational bouts with Charlie Roselli and Danny Kramer and neither has ever failed to put up a good bout. There will be considerable interest in the bout as both have been idle for several weeks.

The return match between Gene Watson and Chet Neff is attracting about as much interest as the main event. Neff started something when he knocked Watson cold last Tues-

CHAMPION BREAST SWIMMER ARRIVES.

OSCAR H. HENNING IS HERE AFTER EXHIBITIONS IN ARIZONA.

Oscar H. Henning, world's champion breast stroke swimmer, globe-trotter, athlete, dare-devil stuntster and movie actor, is in our midst. The versatile Henning has just arrived here from Miami, Fla., where he appeared in exhibitions before the Y.M.C.A. of that city.

Henning's prowess as an athlete is known to all who have followed the aquatic sport, as he is the present holder of the world's 200-yard breast stroke championship for professionals. His time for the distance is 2m., 38 1-2s. His nearest competitor in this event is Michael McDermott of the Illinois Athletic Club, who is an amateur, and whose best time for this distance is 2m., 38 1-2s.

Having performed dare-devil feats before the camera and in exhibitions in European countries, Henning plans to line up with some local moving picture company. One of his most noteworthy stunts was his leap into a whirling pool of water, which he likened to our Niagara Falls, a distance of sixty feet, and with both of his hands tied behind his back. He has been nicknamed the miracle man of Sweden, for it was in that country that he staged the daring jump. He has also performed novel tricks on horseback and everywhere he has appeared he has been lauded for his intrepidity.

Since April of last year he has taught over 17,000 people how to swim the breast stroke, having appeared in the Y.M.C.A. and athletic clubs of the various cities of the United States. His time for the 100-yard swim using the breast stroke is 1m., 11s., while the world's mark for the same distance and which is held by McDermott, is 1m., 10 4-5s.

Henning has been obtained to give an exhibition at the Los Angeles Athletic Club when the next swimming meet is staged. This will probably take place in two or three weeks.

## ANGELS ARE STILL RISING.

(Continued from First Page.)

triple out between Maggert and Mulvey. Some thought that Rube might have brought additional renown to the family name by stretching it into a home run, but if Rube had stretched much more he might have pulled himself in two. Anyway, Paul Fittery held him at third, where he arrived with distended nostrils and flashing eyeballs.

Driscoll whiffed. Paddy did this time to store up energy for the home run to come later. Pete Lapan aimed to hit the ball into the right-field bleachers, but Rumber pulled it down a few feet this side of that place. Ellis sided after the catch without further stretching himself.

Perkins was planted on an easy roller to Schorr. Solem Bill should hit homers and run himself to death with a six-run lead. Perkins can see further into the future than the end of his arm.

Salt Lake picked one up in the second, but the achievement was not greeted with any great amount of enthusiasm either off or on the field. Mulvey singled, took second on an out and scored when Stanislav Killefer's legs for a croquet wicket and drove the sphere directly between them. Red tried to draw his legs together, quick enough to stop the ball, but the click of his heels came too late.

This ended the campaign as far as Salt Lake was concerned. Mulligan combined out a triple in the fifth and a double in the eighth, but the bases were vacant at the time, and nobody seemed inclined to give him a helping hand with the bat.

That the fans who arrived late might get something for their money, Driscoll poked a homer in the fourth to about the same spot where Ellis laid down his triple. Being younger and more elastic, Paddy was able to go clear around the plate, whereas Rube made only three bases on his home run.

Fears that there would be no baseball at Washington Park after this year have been allayed. It is felt. The long lease out there expires next year, and this fact has been a source of worry to the fans who are waiting for the new ballpark.

On top of all this there has been the additional worry lest Hill street be extended and prolonged through the park. Surveyors have discovered that in case Hill street is extended it will pass right through the middle of the stadium. This, on first thought, indeed, seemed a calamity. Passing traffic would seriously interfere with the game. He would be handicapped in his work by diving under street cars after hot grounders.

The middle of the street is no place for the keystone sack in a league of this class. But a way has been found out. When Hill street is seen coming through the fence, the club owners will move second base over where Block's megarie is now located. Second base will be the nucleus around which a new park will be built and grounds mapped out. These things are merely mentioned so that nobody will do their 1920 worrying in 1919. The tired business man has enough trouble without worrying about his baseball a year ahead of time. The score:

## MIKE GIBBONS HERE ON VISIT.

Mike Gibbons, accompanied by his wife and Manager Eddie Kane, arrived in Los Angeles yesterday and will depart for St. Paul late today. The trip was made as the aftermath to Gibbons' appearance against Soldier Hatfield in San Francisco last Tuesday and was purely social in nature.

Gibbons has a large programme mapped out for him during the coming year. According to Manager Kane's date book, the St. Paul middleweight will make his next appearance at Memphis, May 19, against Knockout Brown. Terre Haute, Denver and St. Paul engagements follow in rapid order.

Gibbons plans to tour England in the fall, meeting the best of the middleweights of Great Britain en route. Busy as he is, Gibbons would like to make room on his calendar for a meeting with Mike O'Dowd, both San Francisco and Pocatello are bidding for the bout, and either place will do for Gibbons.

Camels win instant and permanent success with smokers because the blend brings out to the limit the refreshing flavor and delightful melow-mildness of the tobacco.

cos yet retaining the desirable "body." You may smoke them without tiring your taste, too! Camels are simply a revelation any way you consider them!

For your own satisfaction you must compare Camels with any cigarette in the world at any price. Then, you'll realize their superior quality and the rare enjoyment they provide. Camels certainly are all any smoker ever asked.

## FOR ROSE HILL WORK.

Dangerous Crossing to be Eliminated and Road Changes Made.

George Oswald was awarded the contract for the Huntington-drive improvement in the Rose Hill district yesterday by the Board of Public Works, at a price of \$116,000. This project, which has been under

consideration for many months, will provide for the elimination of the dangerous crossing of the Pacific Electric four-line tracks at Mission road, and provide a new section of roadway along the west side of the tracks. It also includes the construction of subways for pedestrians and the construction of a storm drain. The Pacific Electric will pay half the costs.

## "PEG" TO BE FILM.

## REPORT LASKY WILL SCREEN FAMOUS COMEDY.

By Grace Kingsley.

For such a treacherous and gentle little play, it does seem as if "Peg o' My Heart" had created more heartburnings than all the rip-roaring melodramas in the world. There have been all sorts of alterations, in court and out, as to the ownership of the play, and of late the picture rights seem to be coming in for their share of excitement. Owing to disputes of ownership, the picture rights of the play, these picture rights have seemed indeterminate. Some time ago, it was reported that Vitagraph was the owner, and that Leslie Love would play the leading role. It is understood that Mary Pickford also was anxious to secure the play.

The latest reports, however, would seem to indicate that Famous Players-Lasky will have the right to put the famous play on the screen, although no absolutely definite information has been given out. Of course the most exciting question in connection with the production, from the standpoint of the play, is, who will play the part of the beloved and vicious "Peg." It is understood that Lasky is considering giving the role to Wanda Hawley, a lovely young woman who of late has been scoring much success for the Lasky company, and who is ideally suited to the role. William de Mille will probably direct.

**Call Him Major Now.**  
When you meet and shake hands with Robert Warwick, Lasky star, after this you mustn't greet him as Capt. Warwick, but you must say, "How are you, Maj. Warwick?" The new title has just been bestowed on Maj. Warwick by a grateful government, in recognition of his distinguished services in France with the Allied forces, during the late war. Maj. Warwick received the word of his military promotion yesterday.

**Mary and Marguerite "Dish."**  
Marguerite Clark finished putting up pretty pictures and her husband, William Desmond, is at the Morocco studio yesterday, and began work, under the direction of Walter Edwards, on the Lasky production of "Clash of Fists," a comedy "Gilda."

Day before yesterday she had tea with Mary Pickford, and Mary knew all about the New York Rialto, and Marguerite knows all about the Los Angeles Rialto.

**Nice and Warm for Cupid.**  
While all the world loves a lover, probably no one loves lovers as much as other lovers do. At any rate, with a warmth of sympathetic feeling bordering on the experience, Mr. and Mrs. William Farnum, themselves bride and groom, are to give a party in honor of four other sets of brides and grooms at a beautiful home, "Laurel Hall," tomorrow evening. The couples in whose honor the party is to be given are Mr. and Mrs. William Desmond, Mr. and Mrs. Bertram Bracken, Mr. and Mrs. James Young, and Mr. and Mrs. Charles Murray.

The decorations will be in white, made up of roses and lilies of the valley, interspersed with carnations. Miniature brides and grooms of sugar will be scattered on the dinner places as well as sweeten the occasion.

**Mary Pickford Presides.**  
Hundreds and hundreds of youthful hearts are beating more happily today, out at the Los Angeles Orphan Asylum, than at any time since the annual show given by the institution, and discovered that the result of her efforts nearly \$2000 in cash, as well as gifts of clothing and food amounting to \$1000 more, had been donated.

"My orphans are lucky!" exclaimed a bright-eyed, red-headed little orphan, "All on account of Mary Pickford we get two Christmas trees a year!"

Two thousand persons were present, at the exercises, which were held in the big open court of the orphanage. Most of them brought gifts of money and clothing, while the orphan maid turned out to contain other gifts in the form of the checks and banknotes. Miss Pickford made a speech, and as gifts of small value, in recognition, sang a little song in honor of the star which they had written themselves, "And," said little Mary, "I guess no music will ever sound sweeter to my ears!"

**Dances Though Deaf.**  
Spectators at the Orpheum who are being delighted by the artistic work of Doree Marlowe, a young man who dances and who is creating a mild sensation in the Kosloff act, will be surprised to learn that the youth is both deaf and dumb, and finds expression of his joy in life in his art.

Young Marvel was born deaf and dumb. He is a Russian boy but was taken to New York early in his boyhood. Helen Keller took him as a pupil teaching him lip reading, and also how to realize music through vibration.

**Which Shall It Be?**  
There may be a wedding in "The Four Husbands" tomorrow at the Orpheum before the show is out. If Billie Russell can decide between her two loving suitors. As a matter of fact, Mrs. Billie has it all planned to marry one of them last Wednesday night when he and behold the other appeared on the scene and muscled up the plot. One is an army man and the other is a New Yorker. And if Billie can decide which one she really loves, she's going to marry him.

**GLORY OF ANCIENT FRANCE SHOWN FOR BENEFIT OF AMERICAN SOLDIERS.**

Beginning this afternoon, the big French Art Exhibit at 321 South Broadway will be thrown open to the public for two weeks. The receipts to be given to and disbursed by the League of Community Interests for the benefit of our returned soldiers and sailors. The two weeks entertainment is in the hands of the Emergency Committee for the benefit of returned soldiers and sailors, of which Mrs. Grant S. Goucher is president, Mrs. Charles O. Canfield first vice-president and Mrs. Earl Remington second vice-president. On different days special musical programmes will be rendered by some of the best talent in Los Angeles and tea will be served every day between 3 and 6 o'clock in the afternoon. For several weeks past this remarkable art show has been visited daily by thousands of people and many excellent programmes have been given by various social clubs and members of the League of Community Interests for the benefit of the young men who left Los Angeles at duty's call and who, returning, found their jobs have been taken by other men or by women.

**Maybe Bill Won't Sign.**  
A wild rumor was afloat yesterday along the Rialto to the effect that William S. Hart was to return to the stage, and that a certain theatrical manager was hot after him. Mr. Hart, when I interviewed him last night, stated if any theatrical manager was after him, he didn't know anything about it. "And I wouldn't return to the stage under any conditions. That's positive," said Mr. Hart. "As a matter of fact, I haven't signed any company for next year, and I don't know that I shall sign at all. I still believe I might enjoy retiring to a ranch and perhaps devoting myself, with my sister, Mary Hart, to writing."

**SANDWICH TOO RICH FOR HUMAN STOMACH.**  
There's nothing new under the sun in Rupert Julian's tenebrous drama, "The Fire Flingers," which is to be shown at the Superba for the first time Sunday. Julian himself demonstrates it when he hides \$200,000 in bills and banknotes under a table in a rooming house, and the efforts and counter-attacks of Julian and Miss Tinsler to secure the hide the fortune are skillfully used in sustaining the suspense of the action.

## RAIL HEADS DUE TODAY.

## Distinguished Party to be Commerce Chamber's Guest.

Walker D. Hines, Director-General of Railroads, accompanied by a party of fifteen, will arrive in Los Angeles at noon today, coming by special train over the Santa Fe. They will be guests of honor at a Chamber of Commerce luncheon at the Alexandria at 12:30 p.m.

The plans of the party while in Los Angeles have not been announced, but every facility will be afforded for visiting the terminals, the proposed union depot site and the harbor. The Chamber of Commerce committee named to meet Mr. Hines and party consists of Edward McFie, Ralph Hamilton, P. Q. Story, Oscar C. Mueller, L. D. Sale and Congressman H. Z. Osborn.

Those in the Director-General's party include: M. B. Claggett, assistant to Director-General; Edward Chambers, director of division of traffic; Max Thelen, director of division of public service; T. C. Powell, director of division of capital expenditures; Henry B. Spencer, director of division of purchases; Hale Holden, regional director; E. B. Greer, assistant regional director; H. A. Sandrett, traffic assistant; H. R. Safford, engineering assistant; L. N. Hopkins, chairman of Regional Purchasing Committee; William Spruille, regional director; W. R. Scott, Federal manager of the Southern Pacific, and W. G. Barnwell, assistant freight traffic manager, Santa Fe.

## "AS YOU WERE" WILL SOON BE WITH US.

Announcement was received yesterday from Homer F. Curran, of the Curran Theater, San Francisco, that beginning May 13, he will present as a Curran-Shubert attraction at the Majestic Theater here, "As You Were," in their latest big success. "As You Were," which Mr. Curran holds contracts with the Hamburgers for the use of the Majestic for this date as well as for the presentation of the sensational success, "Martina," which he will offer at the Majestic on June 15. The Kolb and Dill production has been playing to enormous business in the north, while "Martina" has been one of the biggest successes in years in New York and comes to the Coast as a road attraction.

## RUSSAKOFF CONSENTS TO TEACH FOR A WEEK.

All too seldom is it that those artists who have reached the pinnacle of success can be induced to stop for a moment while in the midst of the ever-increasing demands upon their time, to impart to those climbing the ladder of fame, the knowledge for which they have strived so hard and paid so dearly. The California Temple of Art, all ways to the front in things worth while, has secured permission for a noted artist of the pantomime art—Senia Russakoff—now appearing with Theodore Kosloff at the Coast, to take on a class during his stay in Los Angeles.

## JAMES YOUNG WILL TALK ON "HAMLET."

James Young, Shakespearean scholar, actor and producer, a director of the Famous Players-Lasky Company, will deliver one of his Shakespearean lectures at Krotina Temple, "A Rational View of Hamlet," tonight at 8 o'clock. Mr. Young has been associated with Sir Henry Irving, Mrs. Fiske, Viola Allen and other great actors in important roles. For six seasons he appeared with his own company, presenting Shakespearean and romantic plays. Perhaps the most valuable part of his training for the stage resulted from his association with Augustin Daly, whose influence is apparent in the dramatic and literary quality of his original productions of the old merchant of Venice shows his profound study of and intimacy with the great interpreter of human nature, Shakespeare. During the past years Mr. Young has appeared before numerous colleges, clubs, literary associations and educational institutions in all parts of the country—always before most enthusiastic audiences.

## AND NOW COMES THE FUNNYGRAPH FILM.

The "Funnygraph" is a new and novel feature shown at the California Theater this week which is proving a big success. The "Funnygraph" is a screen magazine of quick wit and humor, edited by Miss Overholt, and produced by Don Mooney. Ethel Ritchie is a remarkable combination of still and animated photography presents the magazine in a very original way. The uniqueness of the production lies in the fact that this is the first time an attempt has been made to depict on the screen short, witty, humorous quips. A man rushing wildly down the street with a suit box under his arm and a motor car in pursuit, causing a commotion with his explanation that speed is needed in the presentation of his wife. The "Funnygraph" is a screen innovation which will no doubt become popular, and has unlimited possibilities for entertainment. Mr. Overholt is a well-known newspaper man whose work has been in both national and local publications.

## BACK TO FIRST HUSBAND?

When she was informed that her husband, Harry W. Sladick, had reached the city of his run at the Kinema theater, his exploitation throughout the California territory will be undertaken in a big way. Sol Lesser owns the California right to this big production and is making elaborate preparations for its distribution.

## Los Angeles Greets Another Contingent of Its Soldier Sons.

Lt. Fred Lane, Mrs. Lane and Baby Hazel

Troop D, Passing The Times Building, Its Commander, and a Little "Home" Scene.

AR-TRIED HEROES HOME.

of Old Troop D Given Heartiest of

Welcomes; Engineers Coming.

In anticipation of their arrival.

The detachment arrived in one

troop train of nine cars, together

with the Seventy-ninth and Eightieth

brigade headquarters, the One Hun-

dred and Fifty-ninth and One Hun-

dred and Sixtieth Infantry and the

One Hundred and Fifteenth Train

Headquarters detachment, the for-

mer made up largely of North-

ern California soldiers, and the lat-

ter from New Mexico and Colorado.

They were all under the command

of Capt. James D. Gunn and Lieut.

Ray Rogers and Leighroy Miller, of

the Fortieth Division Headquarters

Detachment.

GLAD TO BE HOME.

"Oh, I'm glad to be home! I'm

glad to be home! I'm glad to be

home a-a-a-a!" was the chant

heard coming from the troop train

as it came to a stop in the station

yard. Its refrain quickly smothered

in the cheer that burst from the

waiting crowd that clouded in as the

man began to file from the cars.

Waiting with the greatest at the

station to welcome the men was a

committee composed of Col. B. B.

Ray, W. A. Barker, Gen. Madison T.

Owens, Col. W. H. Bullen, Col. J. B.

Lankershim, Maj. Charles H. How-

land, Congressman Henry Z. Os-

borne, John Sayne, Capt. J. D. Fred-

ericks, Frank R. Willis, W. T.

James, Charles H. Treat and Harry

Duffell. The committee spent the

first hour after the detachment's ar-

rival in seeing that at least the com-

munity of the doughboys' appetite was

taken off by coffee, rolls and fruit.

At 10 a. m. a parade of wel-

come was arranged, headed by a platoon

of policemen, two automobile loads

of committeemen and a band, and

the men were marched to Pershing

Square, following a line that took

them up Fifth to Main street, thence

north to First, through to Broadway

and down Broadway, under waving

flags and past a cheering crowd, to

Eighteenth street, where they were

met to the park. Here a commit-

tee composed of members of war

welfare organization had prepared

a buffet luncheon of fruit, sand-

wiches and doughnuts, topped off

with boxes of cigarettes.

From the same stand where

hearty greetings have been extended

lately to the One Hundred and Six-

tieth and Three Hundred and Sixty-

fourth Regiments, W. A. Barker,

Congressman Osborn, Col. J. B.

Lankershim and Col. B. B. Ray

spoke a welcome that reflected the

community's gratitude for the ser-

vice done by the troops by the glad-

ness at having the boys home again.

Congressman Osborn spoke feel-

ingly of a similar occasion, twenty

years ago, when he was present to

welcome home Old Troop D from its

service in the Philippines. Mr.

Barker also read a telegram of wel-

come from Gov. Stephens, who re-

gretted his inability to be present

to greet the boys at the station, and

welcomed them to the city. The

boys were then marched to the

field houses, where they were

## DAILY TRADE TALK.

### Money Seeking Outlet; Big Beef Contract; Business Briefs.

BY CHAPIN HALE.  
As we get well into the loan it becomes more and more apparent that business is to be very little discommoded by the campaign. Even in the bond world there is no means stagnation and dealers are finding enough to do to keep their offices open and the wheels revolving at speed sufficient to maintain a momentum which promises splendid results after the government has raised its quota. There is a large interest in municipal and inquiries of new issues are numerous. Several of these are announced and some of them will be offered before the conclusion of the loan drive. For instance, there will be a sale of \$4,500,000 of five for the benefit of the Claremont school district in Fresno county on April 25, while on the same day the Kings Union High School district will offer \$25,000 worth of five. A little later Brawley has an issue coming which sounds very attractive in the preliminary announcements. Several important projects are being held in abeyance until after May 10. Another general dividend coming early in the summer and several fat melons are to be cut in Southern California. On the whole, the outlook for the summer is very satisfactory. Outside of the investment field a heavy tour of crops seem safe, and the whole is being public and private work enough to absorb the labor supply. Our crops seem safe, and the whole is being public and private work enough to absorb the labor supply. Our crops seem safe, and the whole is being public and private work enough to absorb the labor supply.

**TRADE TALK.**  
Henry Ford claims for his proposed internal motor-driven street cars a doubling of railway traffic because of short headways and low fares. He also claims that the railroads will be able to handle the traffic with ease and that the fuel consumption will be very low. A two-inch and the same proportions will apply to other dimensions.

**FINANCIAL.**  
Sweeping extension of time has been granted to corporations, partnership and personal service corporations in which to file excess profit, income tax and information returns until June 15, when at least one-half of the total tax due must be paid. This extension does not apply to individual returns except upon application.

**LOCAL STOCK EXCHANGE.**  
The frequency with which the government grants wage increases in the railroad division has led one writer to call it the "ransom loan for labor." This latest demand for \$45,000,000 to the heavy burden already upon the roads, and this is to be followed by a demand on the part of the shippers for further increases that will total another \$150,000,000. This, according to the Wall Street Journal, has been accompanied by steadily decreasing efficiency, in which a slackening of discipline plays no unimportant part.

**Divide Stocks**  
Even in Sweden, where many of the problems which bobbed up in this country did not prevail, the state railways were operating in 1918 at a heavy loss. The receipts were unrecorded, but they were outstripped by the expenditures. Another court has decided that Postmaster-General Burleson acted beyond his authority by ordering the recent sweeping change in telephone rates. This time a Pennsylvania judge has ordered the continuation of a temporary injunction restraining the Bell Telephone Company of that state from making effective the new rates.

**ASSOCIATED OIL**  
Sold to a high of 8 1/2% today. The stock is expected to reach 50 on this move.

**Divide Stocks**  
First activity will continue in these issues with a market that broadens daily. Reports from the district continue to indicate that new and better showings are being found and this has resulted in greater interest being manifested by the public in the mining industry.

## A PROSPEROUS COMMUNITY

It is inconceivable that a community should be really prosperous if the banks of that community are not in position to finance legitimate enterprises. If the people of Southern California do not absorb their part in this Victory Loan, and so force the banks to invest too heavily, the probability is that money rates will tighten up. A tight money market is bad for the wage earner as well as the manufacturer and merchant. To avoid this condition we must all do our part.
